

## Attention young theatre and dance enthusiasts:

The Festival of Satellites, the platform for stage projects, is reopening for new creations. The fifth festival will take place from 14 - 24 August 2025 in Bern.

Are you between the age of 15 and 25 and are passionate about dance, theater or other art forms? Then the Festival of Satellites, presented by [Junge Bühne Bern](#), is just the right thing for you.

Whether dance, theater, performance or interdisciplinary concepts - anything counts, as long as the idea is convincing. It is also possible to additionally participate with music, art, literature, film or new media. The only thing that matters is that you are motivated to realize your project (with the help of mentors) through all the work situations that an independent stage project entails.

Have we sparked your interest?

Then apply now (alone or as a group) with your project idea and become part of a unforgettable event!

### Language

Projects in all languages as well as projects without language are possible. Please apply in D / F / I or E.

### What awaits you?

Junge Bühne Bern offers the selected groups a professional mentoring in your language, a rehearsal space (rehearsals are also possible at your location), accommodation and compensation for travel expenses if necessary, a performance venue, and technical materials. Sounds good, right?

## What do you need for the application?

- A project description (max. 3 A4 pages) in which you explain your idea to us:
- What is the name of the project?
  - What is the content? What is it about?
  - What makes you interested in this topic?
  - How will the idea be realised?
  - Which form(s) will be chosen for it? (theatre, dance, both, performance, etc.)
  - Will additional elements (music, live music, video, etc.) be implemented into the play?
  - How should the stage set look like?
  - Who are the participants? Who will take on which task?
  - How does your timetable look like (play development, rehearsal times etc.)?

Ah, and don't forget to state your age and what experience you have in the arts (see also contact form).

It is important to us that you have not yet completed any professional artistic training. The Festival of Satellites should be a platform to try yourself out.

- First project budget: Don't panic, templates and tips are available on the website.

## All right, what next?

A jury of professional artists will select which of the submitted projects will make it onto the stage in this round. With a little luck, your project will be there as well. What are you waiting for?!

Please send us your project description and the completed budget template by **31.01.2025** to the following address: [satelliten@junge-buehne-bern.ch](mailto:satelliten@junge-buehne-bern.ch)
